NATIONAL NEIGHBORHOOD INDICATORS PARTNERSHIP
Early childhood focus (prenatal months to 8 years of age)

Educated Kids
SUCCESS BY THIRD GRADE
Increase the number of children who are reading-and-math proficient by third grade.

Healthy Kids
HEALTHY BIRTH WEIGHT AND OPTIMAL DEVELOPMENT
Increase the number of children born at a healthy birth weight and who receive the care and healthy food they need for optimal development.

Secure Families
CHILDREN AND FAMILIES AT 200 PERCENT ABOVE POVERTY
Increase the number of children and families living at least 200 percent above the poverty level.

Racial Equity
Pursue racial equity for all children by addressing the consequences of structural racism and fostering racial healing.

Community & Civic Engagement
Partner with diverse communities amplifying their voices and helping create conditions in which all children can thrive.

Optimal Child Development
...targeted work up until 24 years of age.

"If you want to achieve an equitable outcome, it starts with disaggregated data. We need to have the courage to look within ourselves and see who is, and who isn't, doing well."
-Angela Blackwell, PolicyLink, at Ford Foundation, 2/2014

"[Data] is about whether we really want to have a democracy, and whether we really want to empower folks who are disempowered now."
-New Haven Mayor Toni Harp, at Hartford Library, 3/2014

Community Wellbeing Survey – Rationale

State of Connecticut
Local Health Departments and Districts
July 2014

169 Towns, Median Population: 13,000
Community Wellbeing Survey – Items Measured

Individual Wellbeing and Quality of Life

- Civic Satisfaction*
- Community Optimism
- Civic Engagement
- Health Outcomes*
- Health Behaviors
- Healthcare Access
- Employment*
- Food & Housing Security*

Neighborhood Environment (Safety, Parks, Walkability, Social Cohesion)
- Education Access
- Economic Mobility
- Transportation
- Housing Quality
- Macroeconomic Trends
- Demographics (e.g., children under 5)

* = Key determinant of individual well-being (OECD, 2014)
Community Wellbeing Survey – Example Data

Percent of GNH families with children who did not have access to...

- Housing: 2% (Low Income), 15% (Moderate Income or Above)
- Internet: 2% (Low Income), 22% (Moderate Income or Above)
- Vehicle: 2% (Low Income), 23% (Moderate Income or Above)
- Food: 10% (Low Income), 50% (Moderate Income or Above)

Legend:
- Green: Moderate Income or Above ($50K+)
- Red: Low Income (<$50K)

Greater New Haven Community Index 2013

Diabetes

Diabetes has major adverse impacts on both the quality and length of life. From 2006-2009, the age adjusted death rate from diabetes was considerably higher for New Haven and the residents of Inner Ring communities than residents of the Outer Ring even though the percentage of people with diabetes in the different communities was similar. This suggests that people in New Haven and the Inner Ring communities have greater challenges managing the harmful effects of diabetes. These challenges may include poorer access to health care, high quality food and safe environments in which to exercise.
Community Index – Measuring Results

Big Data Backs Up Hunches—& Offers Some Surprises

There are 83,000 jobs in New Haven. Each dot = 1,000 jobs.

Fill in the ones that pay a living wage ($20/hr).  ○ Circle the ones held by New Haven residents.
Community Index – Measuring Results

COLLEGE AND CAREER

Goal: All youth graduate prepared for success in college and career

We will...
- Hold organized discussions with young people, families, schools, and employers about how to plan for a successful job/career
- Include career skills building and internship opportunities in school so that high school graduates are equipped to get jobs
- Provide coaching and financial support for first-generation college students, and develop Individual Student Success Plans for all students
- Increase internship slots to 250 by 2018
- Increase students enrolling without remediation from 14% to 40% by 2020
- Increase number of students receiving scholarships to 400 by 2020

Tell us what you think! What can New Haven do to help?

FIGHT CRIME

Goal: All neighborhoods are safe and all residents get a second chance

Fact: From 2005-2012, violent crime rates were much higher than the statewide average in the lower income neighborhoods

<table>
<thead>
<tr>
<th>Violent crime per 1000 residents in low income neighborhoods</th>
</tr>

AFFORDABLE HOUSING

Goal: Healthy homes at all income levels

Fact: There are 54,000 housing units in New Haven. 11,340 units receive housing subsidies. 29% of residents are severely cost-burdened

We will...
- Help communities police themselves by building trust between residents, community organizations, and New Haven Police Department
- Provide support for employment, housing, and other needs for residents reentering from prison through the Fresh Start Reentry Initiative and Project Longevity
- Reconnect at-risk youth with individualized coaching, support, and access to services via community-based initiatives
- Reduce the violent crime rate in lower income neighborhoods from 18-30/1,000 people in 2005-2012 to less than 6/1,000 by 2018
- Increase number of youth reached by YouthSTAT from 300 in 2014 to 500 by 2017
- Reduce recidivism rate for adults and youth by 25% by 2020

Who needs to get involved?
- Community Management Teams
- Community Agencies and Businesses
- New Haven Police Department
- US Attorney

Tell us what you think! What can New Haven do to help?

We will...
- Fund projects for lead paint removal, energy efficiency, and universal access and redevelop older subsidized housing properties
- Build new residential developments with committed affordable units for families, elderly, and single residents
- Enforce New Haven Housing Standard so all homes are safe and well maintained
- Redevelop 400 units of public housing by 2020
- Support the rehabilitation of 300 units of private subsidized housing by 2020
- Complete an additional 100 affordable housing units in private developments by 2019
- Reduce the number of households paying too much for housing from 57% now, to 40% by 2025

Who needs to get involved?
- New Haven Housing Authority
-宜居 City Initiative
- Inmate and non-profit developers
- Banks and other lenders
- Community Loan Fund
