

Ignite Showcase, Part 3

Friday morning 11:30 a.m. – 12:00 p.m.

These 5-minute presentations give a lightning-quick overview of a project, technology, or network update.

Westside Community Investment Mapping

Layla Bellows, Neighborhood Nexus

West Atlanta neighborhoods are frequent recipients of funding designed to improve and/or encourage community vitality. Using Web AppBuilder for ArcGIS, we provide an interactive tool for the community to view current and future investments, as well as areas of impact. These investments take many forms, from stream cleanups to improved roadways, mixed-income housing and education, and have very different timeframes for completion.

Data 101: Paper & Pens & Felt & Friends & Strangers & Stickers & String & Data Literacy for All!

Liz Monk, University of Pittsburgh and **Eleanor Tutt**, Carnegie Library

The Western Pennsylvania Regional Data Center and Carnegie Library of Pittsburgh are partnering on a “Data 101” training series designed to build information literacy, mapping, and data visualization skills for people looking to get started in using data, or more-experienced users looking to brush-up on their skills.

SNIP Scores

Rob Pitingolo, Urban Institute

Maintaining neighborhood-level information system across topics is one of the key functions that NNIP partners perform. The hope is that you the inventory a is useful way for partners to monitor progress over time toward this goal. In 2014, we introduced the Small-geography Neighborhood Indicator Performance (SNIP) score, a summary measure of partners’ data holdings. In this Ignite, Rob will present an updated look at the data holdings of NNIP partner organizations.
